I.D.Points *Evening Patrol* *Missed Point* *Failed Patrol*

The Overview report is set up in a way that you will be able to see the guards patrol clockings in a glance over a 24hour time period.

If NO DATA was recorded you would see a blank square eg: "Reception" was missed on the 03h00 patrol
If there is no data for an entire hour this is known as a Failed Patrol.

Advanced Settings

Site Select *Report for 1 Point* *Shift Select* *Start date* *End date*

In the *Advanced settings* option you can select

i) Overview report for night shift (12h00 - 11h59)
ii) Overview report for day shift   (00h00 - 23h59)

Point Filter – Select to see only 1 (one) points clocking history.

Reports are viewed over a 24hour time period with the mid section displaying the selected report.
